PERSONAL PROJECTS

PERSONAL DIARY APPLICATION
- It is an advance java project through which one can make collection of all of his memories , notes and tasks to be done.
- In this I've used Java Server Pages for frontend and Mysql for backend.

DIKSHA LITE
- It was our problem statement coming under the theme "Smart Education" in SIH (Smart India Hackathon) for Our grand finale round.
- In this we were supposed to enhance the DIKSHA app.
- For meeting all the requirements we made a website and an app having OCR implementation, Video Lectures with the pop-up questions , Quizzes which can be accessed in offline mode too , Leader Board and Profiles of respective students' showing all the progress done till now.
