TECH : Java with a deep knowledge of **data structure and algorithms.**

Girl Code It-Pune | MENTEE
MAY 2022 - JUNE 2022

It is a community for **software enthusiasts**. It provides a proper peer and guidance to the mentees and conducts **contests on DSA.**

PROJECTS

DIKSHA-Lite

- It was our problem statement coming under the theme "Smart Education" in **SIH (Smart India Hackathon)** for Our **grand finale round.**
- In this we were supposed to **enhance the Diksha app.**
- For meeting all the requirements we made a website and an app having **OCR**   implementation, **Video Lectures with the pop-up questions** , **Quizzes** which can be accessed in **offline mode** too , **Leader Board** and **Profiles** of respective students' showing all the progress done till now.
- **My work** : Was to develop the **frontend** part of the given website and develop the **UI for the app**.

PORTFOLIO

- **Website** which defines me, my skills and my projects.
- Tech stack — **HTML | CSS | JS | Bootstrap**.

SKILLS

Java | Python | DSA | OOPs | OS | HTML | MySQL | JS | CSS | Bootstrap
